I am sorry about interrupting your evening. I wouldn't if it were not necessary. I have been in discussion with Chief Supt Pardy who heads a multi agency planning group that began in Ottawa tonight. Some members of this group heard a briefing provided to OACP planners by Brian and I on Monday and they wish to have it repeated to them tomorrow morning. It places this event in a context. They then wish to discuss the intelligence landscape of the events transporting in Ottawa. I need you all to be involved in this discussion - to provide your SME pieces to the puzzle - these are the critical elements of finalizing plans. This will include the intel on ground as laid out in our report (Don). The impact of social media and content relayed (Cath and Dayna) and the presence/ activity of any extremist or moderate influences.  
We have 2 calls  
- 1 with us at 8 to prep; and  
- 1 at 9 to the group.
